Übungssatz 1

Lösungsrichtigkeit

Für jede nummerierte Aufgabe gibt es genau eine richtige Lösung. Bewertet werden ausschließlich die Markierungen auf dem Antwortbogen; die Beispiele 0 zählen nicht.

30 nummerierte Aufgaben; Rohpunkte Teile 1–5: 30; Umrechnung auf 100 Punkte.

Teil 1

1: a

Miriam says automated lifting and positioning systems could relieve employees of physically demanding work.

2: b

Tarek insists that production employees must participate in discussions before the equipment is purchased.

3: c

Lena leases automated machines so that capital is not tied up and she can later change models.

4: d

Jonas believes work with robots and digital control systems can attract more young people to industrial training.

5: a

Miriam accepts automated defect detection but reserves the final quality decision for an experienced employee.

6: b

Tarek remains skeptical because management has not provided a concrete staffing plan.

7: c

Lena explicitly values low, predictable electricity consumption more than peak operating speed.

8: d

Jonas wants programming automated systems to become a compulsory part of his apprenticeship.

9: c

Lena says modern investment cannot remain successful without specialists who operate, maintain and adapt the machinery.

Assessment targets

Aufgabe 1 · R2.12: Match a claim to one of several parallel texts that states it

Aufgabe 2 · R2.12: Match a claim to one of several parallel texts that states it

Aufgabe 3 · R2.12: Match a claim to one of several parallel texts that states it

Aufgabe 4 · R2.12: Match a claim to one of several parallel texts that states it

Aufgabe 5 · R2.12: Match a claim to one of several parallel texts that states it

Aufgabe 6 · R2.12: Match a claim to one of several parallel texts that states it

Aufgabe 7 · R2.12: Match a claim to one of several parallel texts that states it

Aufgabe 8 · R2.12: Match a claim to one of several parallel texts that states it

Aufgabe 9 · R2.12: Match a claim to one of several parallel texts that states it

Teil 2

10: f

The pronoun “Sie” refers to the small devices, and the following examples illustrate the movement and sleep patterns they reveal.

11: b

The sentence connects apparently precise displays with the contrasting ways users interpret and react to a poor value.

12: h

“Zudem” adds a second limitation, and the following consequence explains why devices can produce different results.

13: a

“Diese Abweichungen” refers directly to the two different step totals and introduces the recommendation to observe long-term trends.

14: d

The conditional advice responds to pressure from targets and warnings; “Eine solche Pause” then refers to temporarily removing the device.

15: g

This evaluative sentence summarizes the preceding selection criteria and establishes the balanced conclusion about technology and body awareness.

Assessment targets

Aufgabe 10 · R2.13: Choose the sentence that fills a gap in a text

Aufgabe 11 · R2.13: Choose the sentence that fills a gap in a text

Aufgabe 12 · R2.13: Choose the sentence that fills a gap in a text

Aufgabe 13 · R2.13: Choose the sentence that fills a gap in a text

Aufgabe 14 · R2.13: Choose the sentence that fills a gap in a text

Aufgabe 15 · R2.13: Choose the sentence that fills a gap in a text

Teil 3

16: c

The article states that Mara's commercial experience and Sven's technical training complemented each other and prompted the joint venture.

17: b

Their explicit method is a division of responsibilities combined with a scheduled weekly meeting.

18: a

After the first year, they hired an employee to manage appointments and initial customer communication.

19: c

Nora advises couples to document ownership and exit arrangements before the company begins operating.

20: a

She identifies the transfer of business criticism into the personal relationship as a major source of tension.

21: b

Mara values the shared project but emphasizes agreed boundaries between work and private life.

Assessment targets

Aufgabe 16 · R2.5: Choose the option that paraphrases a stated detail in an informational text

Aufgabe 17 · R2.5: Choose the option that paraphrases a stated detail in an informational text

Aufgabe 18 · R2.5: Choose the option that paraphrases a stated detail in an informational text

Aufgabe 19 · R2.5: Choose the option that paraphrases a stated detail in an informational text

Aufgabe 20 · R2.5: Choose the option that paraphrases a stated detail in an informational text

Aufgabe 21 · R2.5: Choose the option that paraphrases a stated detail in an informational text

Teil 4

22: f

Felix argues that substantial training must start well before the new systems are installed.

23: c

Cem proposes that small regional suppliers jointly organize testing facilities, advice and transport.

24: h

Hassan explains that diagnostic data cannot replace specialists who notice sounds, vibrations and operating conditions.

25: b

Birgit contrasts a binding conversion schedule and department-specific information with vague assurances.

26: g

Greta says documented reductions in emissions and resource use can attract purchasing departments with environmental requirements.

27: d

Dora allows relocation to a nearby industrial area when the historic site prevents safe modernization.

Assessment targets

Aufgabe 22 · R2.15: Match a passage to the statement that sums up its main point

Aufgabe 23 · R2.15: Match a passage to the statement that sums up its main point

Aufgabe 24 · R2.15: Match a passage to the statement that sums up its main point

Aufgabe 25 · R2.15: Match a passage to the statement that sums up its main point

Aufgabe 26 · R2.15: Match a passage to the statement that sums up its main point

Aufgabe 27 · R2.15: Match a passage to the statement that sums up its main point

Teil 5**28: g**

Section 28 regulates required field devices, institutional loans and the return of borrowed equipment.

29: b

Section 29 specifies two excursions, a multi-week field phase, their timing and the required reports.

30: f

Section 30 covers safety instruction, compliance with directions and accident reporting for insurance purposes.

Assessment targets

Aufgabe 28 · R2.15: Match a passage to the statement that sums up its main point

Aufgabe 29 · R2.15: Match a passage to the statement that sums up its main point

Aufgabe 30 · R2.15: Match a passage to the statement that sums up its main point
