Übungssatz 6

Lösungen

Bewertet werden ausschließlich die auf dem Antwortbogen markierten Lösungen. Für jedes der 30 nummerierten Items gibt es genau eine richtige Lösung.

30 bewertete Items; maximale Rohpunktzahl: 30.

Teil 1

1: b

The ordered newspaper clippings are the means by which the project reconstructs changes in debate.

2: d

The collocation is besonderen Wert auf etwas legen.

3: a

The fixed expression is in Betracht kommen.

4: c

Sich jemandem oder etwas verpflichtet fühlen requires dative; Auswahlkriterien is plural.

5: b

The preceding sentence says that collection limits must be apparent to readers; explicit labels implement that requirement.

6: d

Similar formulations recur, but their recurrence does not establish an unchanged political situation.

7: c

The source establishes that the short introduction remains accessible and that a fuller treatment was added later.

8: c

Aufbau belongs to Dossier, requiring the possessive relative pronoun dessen.

Teil 2

9: b

The proposed study concerns the relationship between financial incentives and willingness to use enhancement.

10: a

The stated purpose is to avoid selecting respondents by their existing willingness to accept risks, rather than to investigate expectations or redesign participation conditions.

11: c

Only the incentive changes between the described scenarios.

12: b

All three are credible survey limitations. The source must explicitly emphasise the distinction between reported willingness and actual use.

13: c

The source must specify that counselling clarifies the meaning of the scenario descriptions of medical supervision. The other options describe plausible but different advisory subjects.

14: a

The additional financial context applies to the subgroup dependent on sporting income.

15: b

The stated funding condition preserves independent analysis and publication.

Teil 3

16: d

Eine solche Übersicht refers to the departmental map. The following question about interrupting a colleague illustrates unwritten conventions that the map cannot explain.

17: g

Diese Zurückhaltung refers to withholding prepared questions. The following sentences explain uncertainty and fear as possible reasons.

18: i

Perspektivwechsel refers to experienced staff imagining their first encounter with the workplace. The handover example then specifies an assumption requiring explanation.

19: a

Diese Entlastung refers to fewer repeated interruptions across the team. The next sentence develops the condition through allocated working time and cover.

20: f

Dort refers to the initial learning phase. Später introduces the contrast developed through increasing independent decision making.

21: b

Solche vertraulichen Anliegen refers to the personal difficulty involving the assessor. The following sentence introduces the contact who can listen without transferring assessment duties.

22: j

Rückmeldung refers to apprentices reporting unclear instructions. The filing example demonstrates a resulting clarification communicated back to them.

23: c

Damit summarises reviews at successive learning stages. The final sentences develop continuity and adaptation beyond the welcome day. Options e and h remain unused.

Teil 4

24: c

Hartwig explicitly prioritises the essential services dependent on an installation and says failure probability describes only part of the problem.

25: a

Seidel states: Wer offen angibt, welche Angaben bestätigt sind und was noch geprüft wird, bleibt auch mit einer vorläufigen Mitteilung glaubwürdig.

26: b

Feld specifically includes people without neighbourhood acquaintances and proposes publicly announced locations and visible routes.

27: 0

Feld discusses volunteers contributing local knowledge under municipal coordination. No author assigns volunteers priority in routine staffing; that priority is absent rather than explicitly contradicted.

28: c

Hartwig makes practised changeover procedures a necessary condition for additional equipment to provide its intended benefit.

29: a

Seidel says affected people should receive contact information and usable next steps while specialists are still investigating the cause.

30: 0

Feld describes unequal household resources and complementary shared facilities. No text proposes a uniform household stock or gives it priority over shared provision.
